Helpful Tips for Submitting Photos:

- You can upload 5 images at a time (10 MB or smaller).
- Enter a description for each image so the yearbook staff can easily identify what is happening in the photo.
- Picture file names cannot be more than 25 characters long.
- Pictures taken with a cell phone may not provide adequate resolution for printing. But this is getting better as cell phones improve!
- Please only provide photos from school events. Remember “events” can mean lunch or walking to class or working together as a group in class.
- The community folders are designed in such a way that you may submit photos, but you will not be able to download or share them. These photos can only be seen by members of the yearbook committee.
- Please try to submit photos within one week of the event. Please submit recent Fall event photos by January 15th.
- We love group shots! Please try not to submit pictures of an individual. Group shots are much better – we want to include everyone!
